New Delhi- 110 066

Sub: (a) Approval of Cardiac Pace Maker, ICD Combo Device, Rotablator & Aortic Stent Graft/Implantation: **Simplification of Sanction Procedure &**
(b) Pacemaker Programming /Monitoring: **Inclusion of Rate, requesting of.**

Ref: MOHFW OM No.12034/02/2014/MISC/CGHS-DIII dated 22 Jul 2014. (Copy enclosed)

Respected Sir,

The Association would like to draw your Kind attention to the followings for your sympathetic consideration.

As per the existing procedure, permission for implantation of the subject items, mentioned in (a) above are granted by Additional Director/Jt. Director, CGHS city, **only on submission of Authentication certificate by a Cardiologist of Government Hospital (State Govt./Central Govt.) authority.** For that reason only, elderly cardiac patients have to visit a Govt. Hospital, only to obtain the said Certificate for authentication purpose, which seems to be an extremely troublesome, embarrassing and time-consuming process. Sir, this visiting of extra loop for authentication by any Govt. Hospital, not only causes delay in processing the implantation, certainly it affects adversely to the ill Cardiac patients increasing risk factors to their life.

Contd...2

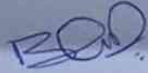

Taking cognizance of the problems being faced by aged, cardiac Patients, it is humbly requested that a **suitable Advisory may kindly be issued empowering the Additional Director/Jt. Director of the CGHS City, to accord permission for subject mentioned implants based on the recommendation by a Cardiologist of the CGHS empanelled Hospital only.**

Further, Sir, we would also request for **inclusion of Pacemaker Monitoring/programming charges in the CGHS rate list to enable beneficiaries for reimbursement of the expenses, whenever needed.**

For this act of kindness, we will remain grateful

With sincere regards,

Yours sincerely

(Basudev Ghosh)
